

AMCR APIs

! Webpage Under Construction

We appreciate your interest in our website. Please be advised that this page is currently under construction and we are working to improve your experience and will have it up and running shortly. Thank you for your patience and understanding. If you have any questions or need assistance, please [contact us](#).

Archaeological Map of the Czech Republic (AMČR) is part of a large research infrastructure **Archaeological Information System of the Czech Republic** (AIS CR). **AMCR APIs** is a home of AMČR application programming interface providing data stored in the AMČR database using the *OpenArchives Initiative Protocol for Metadata Harvesting* ([OAI-PMH](#)).

Currently, the only API in operation is the [OAI-PMH API](#).
